Subject: SHIPMENT OF URANIUM-MOLYBDENUM ALLOYS

Gentlemen:

The Schenectady AEC Office has requested approximately ten pounds each of nine uranium-molybdenum alloys as follows:

% Alloying Material	Identifying Symbol
0.055	C-809
0.13	C-800
0.21	C-799
0.46	C-795
0.90	C-811
1.12	C-794
2.08	C-808
4.00	C-810
6.16	C-792

It is understood that the materials listed above are available from the Metallurgy Section of the Technical Divisions.

It is requested that these materials be prepared for shipment via railway express as soon as feasible to:

U. S. Atomic Energy Commission Warehouse
U. S. Naval Supply Depot
Building 502, D & 3rd Streets
Scotia, New York
Attention: Mr. J. S. Evans
Mark SR-SNY-230

Very truly yours,
