Dayton, OH 45402

SUBJECT: Response to National Pollutant Discharge Elimination System (NPDES) Permit 1IO00004*HD/OH0009580, Ohio EPA Compliance Evaluation Inspection Report

REFERENCE: Letter, M. Osika to J. Powell, "Compliance Evaluation Inspection NPDES Permit 1IO00004*HD/OH00009580", dated October 23, 2013

Dear Ms. Osika:

In response to Section J of the referenced letter and report concerning the final outfall signage for Outfall 001, the Fernald Preserve is in the process of fabricating a sign to be installed at the point of discharge to the Great Miami River. The property owner has granted permission to place the required signage so that the public is aware that the discharge is associated with a NPDES permit and to provide a phone number to notify the site if a problem is identified. The sign will be installed before the end of the calendar year.

Ms. Jane Powell has accepted another position within DOE and I am the new Fernald Preserve Site Manager. Please call me at (720) 880-4349 if you have any questions or require additional information.

Please send any correspondence to:

U.S. Department of Energy
Office of Legacy Management
10995 Hamilton-Cleves Hwy.
Harrison, OH 45030

Sincerely,

Gwendolyn N. Hooten
