The Department of Energy at Rocky Flats Plant invites you to comment

Proposed Interim Measure/Interim Remedial Action Decision Document for Operable Unit No. 4 Solar Evaporation Ponds

The U.S. Department of Energy has developed a Proposed Interim Measure/Interim Remedial Action Decision Document (IM/IRA) for Operable Unit (OU) No. 4 Solar Evaporation Ponds at Rocky Flats Plant. The document describes an approach for storing and treating the water in the solar ponds and the contaminated ground water collected in the French drain system at the OU. This IM/IRA supports Resource Conservation and Recovery Act partial closure activities at the site in accordance with the Agreement in Principle, signed by the State of Colorado and the U.S. Department of Energy.

A 60-day public comment period for the Proposed Interim Measure/Interim Remedial Action Decision Document for Operable Unit No. 4 Solar Evaporation Ponds begins September 9, 1991, and ends November 9, 1991. Two public meetings will be held during the public comment period. The first meeting will be held in conjunction with the Quarterly Public Information Meeting on Environmental Restoration on October 17. The Solar Evaporation Ponds IM/IRA document will be a topic of discussion at the meeting. The second meeting will be held on October 30 to accept oral public comment on the document. Also, written comments are encouraged during the public comment period and will receive equal consideration.

Quarterly Public Information Meeting
Thursday, October 17, 1991

Public Comment Meeting
Wednesday, October 30, 1991

Both meetings will be held:

7:00 p.m. to 9:00 p.m.
Westminster Recreation Center
10455 Sheridan Boulevard
Westminster, Colorado
