OPERABLE UNIT NO. 9 (OU 9) PHASE I RFI/RI WORK PLAN - JMK-0610-92

Ref: J. K. Hartman ltr (6495) to J. M. Kersh, Operable Unit No. 9 (OU 9) Phase I RCRA Facilities Investigation/Remedial Investigation (RFI/RI) Work Plan, June 15, 1992

EG&G Rocky Flats, Inc. (EG&G) is in receipt the above-referenced letter regarding implementation of the Phase I RFI/RI Work Plan for OU 9. EG&G is currently planning to initiate the "Additional Data Compilation Task" of the Work Plan for OU 9. A detailed plan for the "Surface Radiation Survey" must be submitted to the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH) for approval prior to implementation of the survey as indicated in Table 7.1 of the approved Phase I RFI/RI Work Plan. EG&G will initiate preparation of the detailed surface radiation survey plan for submittal in Technical Memorandum No. 1 as indicated in the Work Plan.

Because the Department of Energy/Rocky Flats Office's (DOE/RFO's) perceived organizational conflict of interest (OCI) has eliminated EG&G's planned subcontractor, IT Corporation, from implementing the Phase I RFI/RI Work Plan for OU 9, EG&G has initiated a competitive bid process to obtain a subcontract for its implementation. The solicitation for competitive bids for OU 9 was distributed on June 15, 1992. Award of a subcontract is anticipated on July 31, 1992.

If you have questions regarding this letter, please contact D. L. Schubbe of the Remediation Programs Division at extension 8709.

J. M. Kersh, Associate General Manager
Environmental and Waste Management
