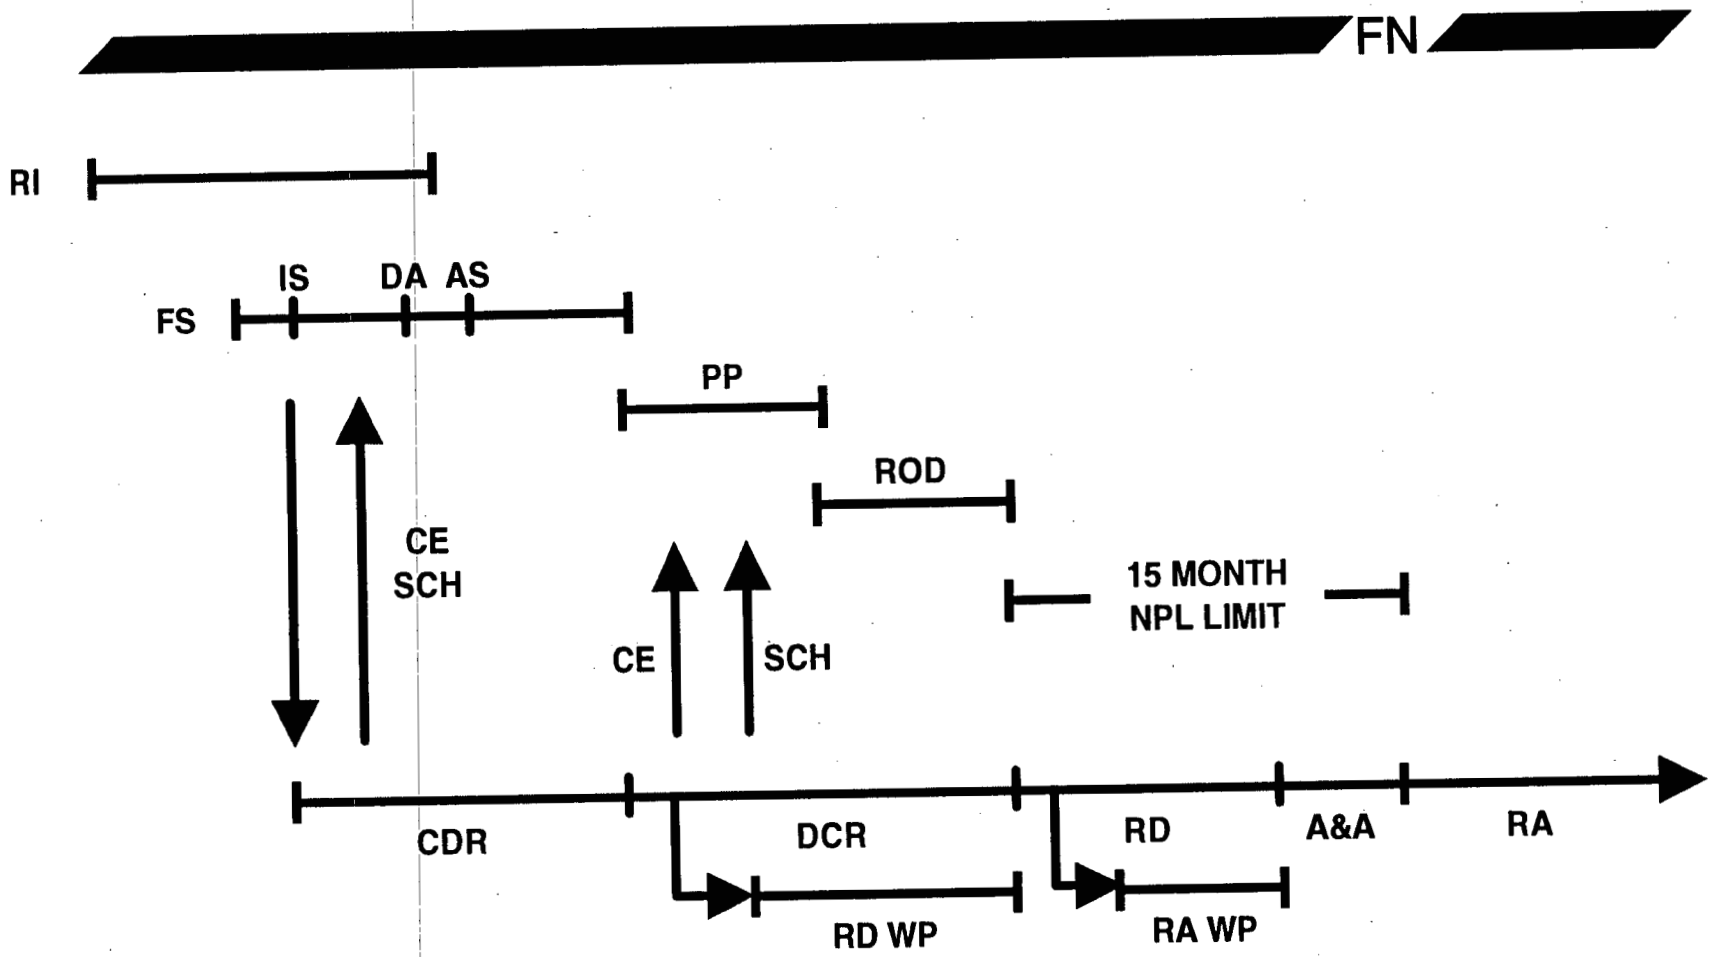
EWMF ROUNDTABLE AUGUST 1992



A&A - Advertise and Award
CE - Cost Estimate
FS - Feasibility Study
RA - Remedial Action
ROD - Record of Decision

AS - Alternative Selected
DA - Detailed Analysis
IS - Initial Screening
RD - Remedial Design
SCH - Schedule

CDR - Conceptual Design Report
DCR - Design Criteria Report
PP - Proposed Plan
RI - Remedial Investigation
WP - Work Plan

2

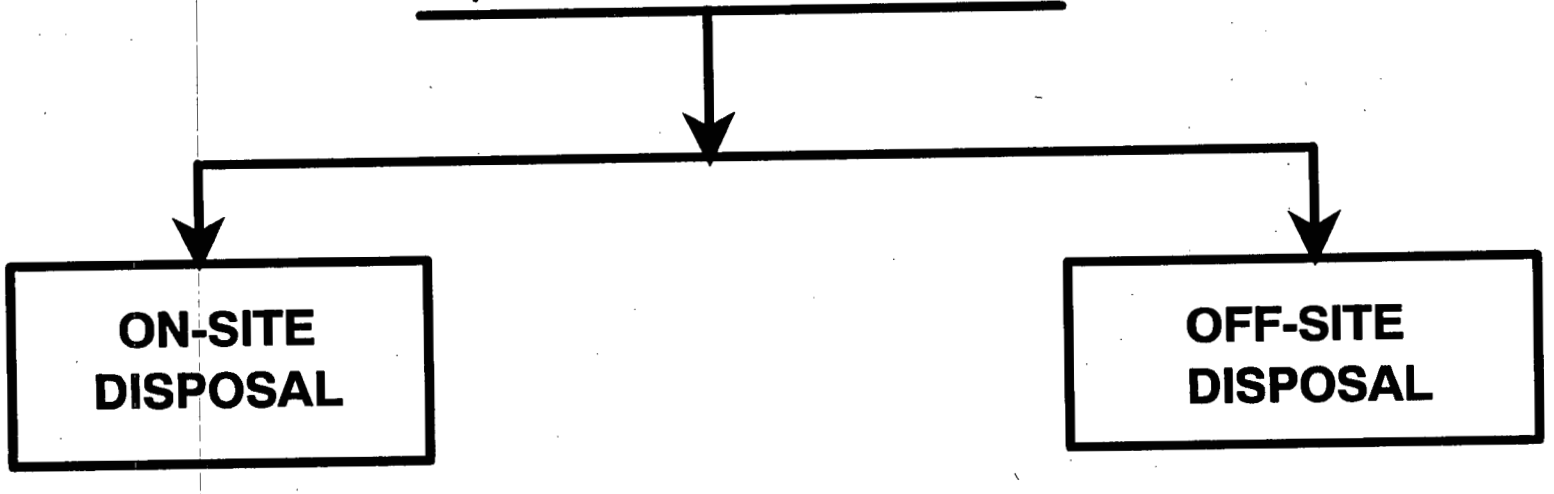
25469

RI/FS PROCESS

- RI/FS process requires each Operable Unit to evaluate remedial alternatives
- RI/FS schedule creates need for conceptual engineering to support FS evaluations
- Alternatives for each Operable Unit include off-site disposal and on-site disposal

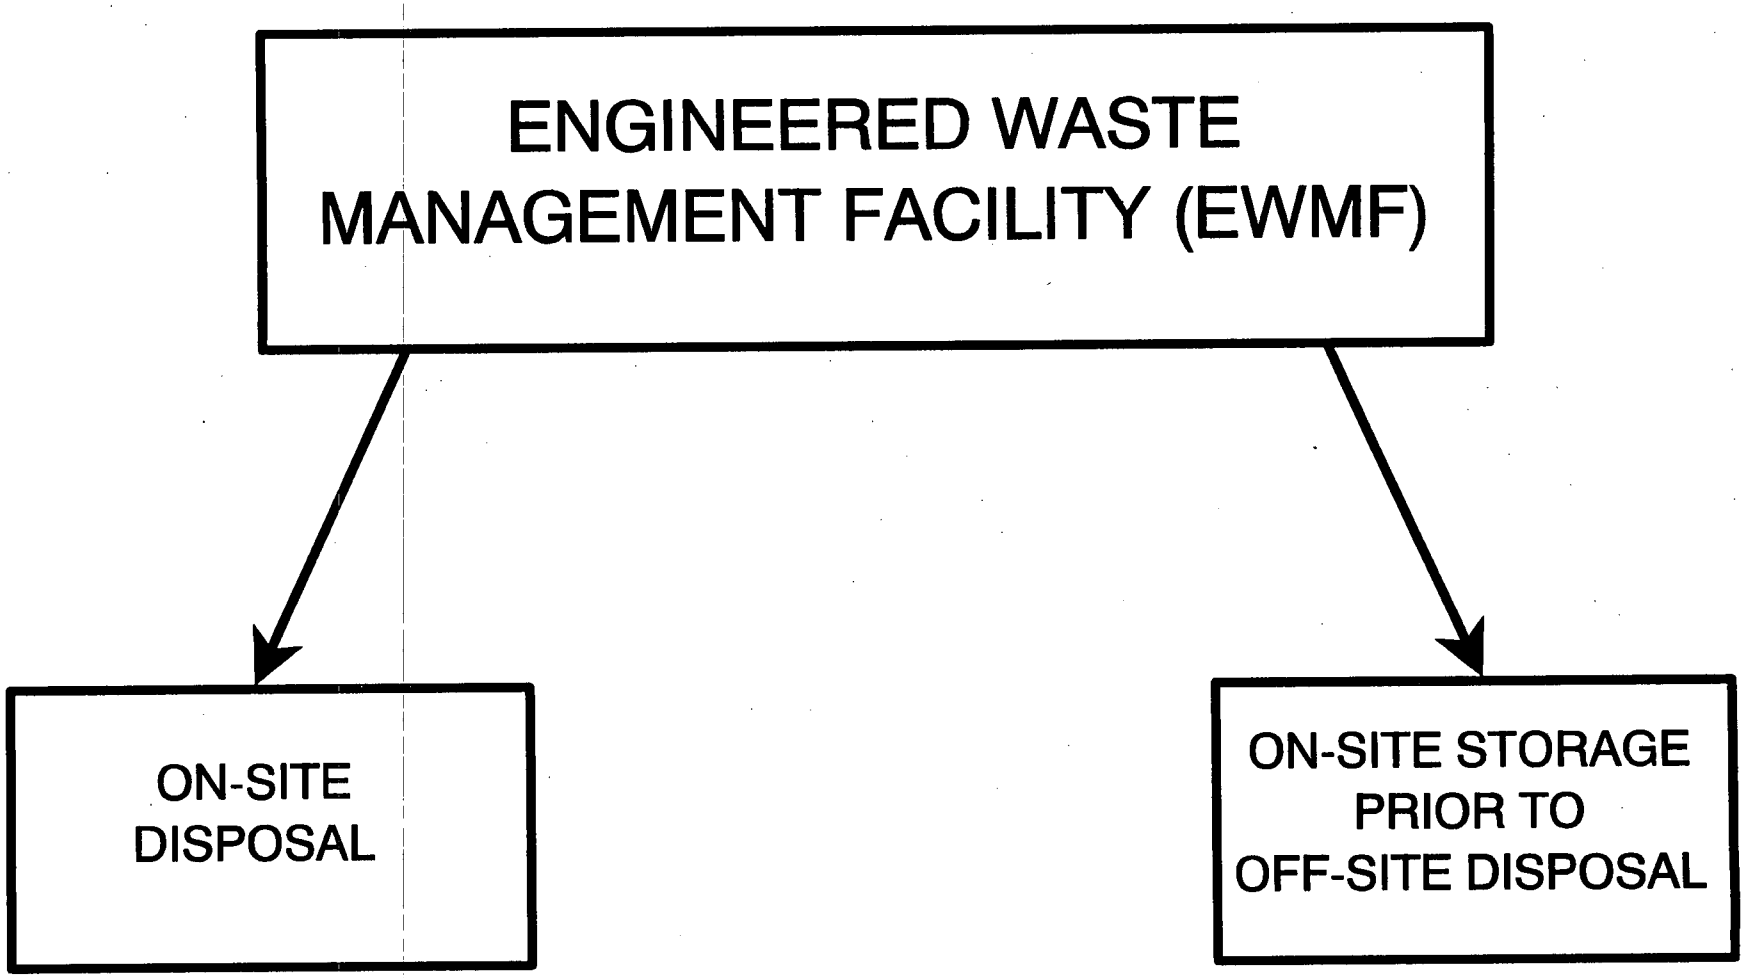
FN

RI/FS ALTERNATIVES



75416

FN



ENGINEERED WASTE MANAGEMENT FACILITY (EWMF)
ON-SITE DISPOSAL
ON-SITE STORAGE PRIOR TO OFF-SITE DISPOSAL

7546

SUMMARY

- The Engineered Waste Management Facility (EWMF) can represent a disposal facility or a storage facility
- EWMF program supports the RI/FS alternative process
- DOE will continue to investigate off-site alternatives
- EWMF designs will be available to support alternatives selected in the RODs
- Engineering today will allow earliest remediation after ROD
