COMMENTS AND QUESTIONS: Since test of radioactive waste in the two silos has been postponed and now people live around the the plant has more stress. When do you plan to do it? I thought you had experts to do the job. Let face it you people are using one excuse after the other as you don't know the answer. It's like opening pandadore box, anything can happen. I worry about the men who work there but feel sorry for the people who live near this monster.

I would like to be added to the RI/FS Fact Sheet mailing list. ☐ Yes ☐ No
