Revision of Deadline for Submittal of the Surface Water Management Plan

J. M. Kersh, Associate General Manager
Environmental Restoration and Waste Management
EG&G Rocky Flats, Inc.

The purpose of this memorandum is to formally notify you of a revision to the submittal deadline for the Surface Water Management Plan (SWMP). The deadline previously transmitted to your staff had been March 1, 1991; the revised deadline is March 15, 1991. We have made your staff aware of the revised deadline.

The extra time for submittal was granted to allow your staff and subcontractors to further edit and refine the draft SWMP to allow it to be more readily reviewable by outside parties. As we have previously transmitted to your staff, we will submit the next draft of the SWMP for outside review and comment, and will require a coherent, cohesive document with which to do so.

As final guidance in this regard, we wish to assure that the SWMP contains a complete summary of program requirements. We are especially concerned that all U.S. Department of Energy orders are considered in the SWMP. To assist in understanding the Rocky Flats Office expectations in this respect, your staff is directed to the air program portion of the Roadmap.

If there are any questions, please feel free to contact me or have your staff contact Tom Lukow of my staff at extension 4561.

David P. Simonson
