Fernald Cleanup Progress Briefing
Silos Project Public Workshop

DOE and Fluor Daniel Fernald invite you to attend Silos Project Public Workshop on Tuesday, March 9 at 6:30 p.m.

The Silos Project involves cleanup of four waste silos: Silos 1 & 2 contain low-level radioactive wastes; Silo 3 contains cold metal oxide; and Silo 4 is empty.

DOE will also continue a discussion about radon which was introduced at the February Cleanup Progress Briefing.

The workshop will be held at the Fernald site, 7400 Willey Road off State Route 128. Visitors must show a drivers license or valid photo identification to the Fernald Security Officer when entering the site. Handicapped parking is available. For more information, contact:
