Attn: P. M. Powell

DRAFT FINDING OF NO SIGNIFICANT IMPACT (FONSI) FOR THE NEW SANITARY LANDFILL - JEE-0113-91

Please find attached two copies of the Draft FONSI for the New Sanitary Landfill. This draft has been prepared to facilitate the DOE's NEPA process for the landfill.

The information in this FONSI is consistent with the information and findings presented in the Draft Environmental Assessment (EA) that was transmitted to DOE, RFO, under cover, 91-RF-3555, dated June 11, 1991.

Please review this draft FONSI and return comments to EG&G by July 16, 1991. EG&G will incorporate the changes and then transmit the revised draft back to DOE, RFO for transmittal to DOE Headquarters. However, if you are comfortable with this version of the draft FONSI, please transmit it directly to DOE, HQ for their review and comments. Please request that DOE, HQ return their comments by August 12, 1991, which is the same date for receiving comments on the draft EA. The August 12th date supports the current schedule (attached) for completion of the NEPA process.

Please contact Kathy London, 273-6189, or Scott McGlochlin, 273-6190, if you have any questions.

J. E. Evered, Director
Environmental Management
