RE: Extension Request for Submittal of the Draft and Final Phase I RFI/RI Report for OU 5

Dear Mr. Hestmark,

The Colorado Department of Health, Hazardous Materials and Waste Management Division (the Division), has reviewed the above referenced extension request. As with other extension requests received recently, the Division believes that action on this request should be deferred until the work stoppage related to OU 5 has been lifted. At that time, milestones can be finalized considering both adjustments for good cause and work stoppage.

If you have any questions regarding these matters, please call Joe Schieffelin of my staff at 692-3356.

Sincerely,

Gary W. Baughman
