Subject: Release of Proposed Modification to Monitoring Locations at the Rocky Flats Site for Public Review and Comment and Informational Public Meeting

Dear Rocky Flats Stakeholders,

Today the U.S. Department of Energy (DOE), the U.S. Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE) are releasing a proposed modification to the Rocky Flats Legacy Management Agreement (RFLMA) Attachment 2, Legacy Management Requirements, for public review and comment. The public review period ends on Friday, August 27, 2010. This proposed modification is subject to final approval by the EPA and CDPHE.

The proposed modification addresses eliminating certain monitoring points and establishing new monitoring points as discussed in depth in RFLMA contact record 2010-04, which accompanies this letter of notification. Contact records document the consultative process discussions between the RFLMA parties (DOE, CDPHE and EPA) regarding implementation of RFLMA and are made available to the public. The contact record does not constitute approval of the proposed modification.

The RFLMA parties will conduct an informational public meeting beginning at 6:30 p.m. on Tuesday, Aug. 10, 2010, in the Broomfield Senior Center, Lakeview room, 280 Lamar St., Broomfield, CO.

The proposed modification and RFLMA CR 2010-04 are posted for review on the Community Involvement page of the Rocky Flats Site website at http://www.LM.doe.gov/Rocky_Flats/Sites.aspx?view=5.

Written comments regarding the proposed modification must be sent on or before the end of the public review period to the following addresses for consideration by the RFLMA parties in determining what, if any, changes will be made for final approval of the modification by EPA and CDPHE.

Comments must be submitted by one of the following methods to the address shown.
