Mr. Carl Spreng
RFLMA Project Coordinator
HMWMD-B2
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, CO 80246-1530

Subject: Notification that GS01 is no longer an RFLMA Point of Compliance (POC)

Reference: Rocky Flats Legacy Management Agreement (RFLMA) Attachment 2, Section 5.1, "Monitoring Requirements"

Dear Mr. Spreng:

In accordance with the criteria provided in Section 5.1 of RFLMA Attachment 2, this is to certify that surface water monitoring location WOMPOC has been functioning as an RFLMA POC for 2 years and now replaces surface water monitoring location GS01 as the POC. This notification completes the process to remove the RFLMA Attachment 2 requirement for monitoring at GS01.

No modification to RFLMA Attachment 2 is needed to implement this POC change. Table 2, "Water Monitoring Locations and Sampling Criteria," footnote 5 provides that POC GS01 will be replaced by WOMPOC per Section 5.1. Figure 1, "Water Monitoring Locations at Rocky Flats: RFLMA," includes a similar note.

Please contact me at (720) 377-9682 or scott.surovchak@lm.doe.gov if you have any questions or need additional information regarding this notification. Please send any correspondence to:

U.S. Department of Energy
Office of Legacy Management
