The Department of Energy at Rocky Flats Plant invites you to comment

Request for Modification of the Resource Conservation and Recovery Act (RCRA) Permit

The U S Department of Energy invites the public to offer comments on the Rocky Flats Plant's request for modification to its Resource Conservation and Recovery Act (RCRA) Permit The U S Department of Energy Rocky Flats Office and its prime contractor EG&G Rocky Flats are submitting this request to the Colorado Department of Health (CDH) CDH issued the original RCRA permit to Rocky Flats on September 30 1991 Effective October 30 1991 the permit regulates nine hazardous and combined hazardous and low-level radioactive (mixed) waste container storage units at Rocky Flats

Rocky Flats has identified several areas of concern with the permit None of these issues will present a threat to human health or the environment if they are not approved by CDH In order to comply with the permit Rocky Flats is requesting 12 distinct Class 2 permit modifications in accordance with Section 100 63 of the Colorado Hazardous Waste Regulations Additionally Rocky Flats is requesting temporary authorization under Section 100 63 to operate under the provisions stated in the permit modification request for up to 180 days

A 60-day comment period for the permit modification request begins November 4 1991 and ends January 2 1992 Written comments will be accepted throughout the comment period A public information meeting will be held on December 5 1991

Questions about our modification request or requests for more information should be directed to Beth Brainard Public Information Officer U S Department of Energy Rocky Flats Office 303-966-5993
