Participation in Low Temperature Thermal Desorption Demonstration at Rocky Flats

Sue G. Stiger, Director
Environmental Restoration Management
EG&G Rocky Flats, Inc.

On September 16, 1994, the Department of Energy, Rocky Flats Field Office (RFFO) sent a letter requesting that EG&G Environmental Restoration Management provide a soil sample to be treated in the Low Temperature Thermal Desorption demonstration scheduled for early 1995. We are interested in the progress of this project and request that EG&G provide an update to RFFO by October 14, 1994.

If you have any questions, please contact Norma Castaneda at extension 4226 or Scott Grace at extension 7199.
