Dear Mr. Adler:

Re: B & T Metal Building, Columbus, Ohio

This is in response to your correspondence, received on February 22, 1996, regarding the project noted above. My staff has reviewed carefully the information provided.

Based on the description of the proposed work and photographs provided, it is my opinion that the proposed work, if completed as proposed, will have no effect on the integrity of the B & T Metal building, which is eligible for the National Register of Historic Places under Criterion C. No further coordination with our office is necessary, unless the project scope changes.

Any questions concerning this matter should be addressed to Kate Elliot, Review Assistant, at (614) 297-2470. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink that reads "Martha J. Raymond". The signature is written in a cursive style.

Martha Raymond, Department Head
Technical and Review Services
