## Public Meeting Is Set On Cleanup Plans

A public meeting to discuss a work plan for the cleanup of radioactive waste near Weldon Spring will be held at 7:30 p.m. today at Young Auditorium on the campus of Lindenwood College.

Parking may be difficult on campus and the meeting's sponsors rec-

ommend that people park near college chapel, on the corner of Gable and Sibley streets. Signs will be posted directing people to both parking and the meeting, said Martin J.owski, community relations manager for the Weldon Spring site remediation project.
