Dear Mr. Steffen:

**ADDITIONAL REMOVAL EFFORT IN THE SOUTHEAST DRAINAGE**

As per our October 6, 1998 letter to you, a follow-up investigation and evaluation of two locations within the Southeast Drainage was requested to be performed by the PMC. The evaluation targeted approximately 10 cubic yards of soil for removal. We are in receipt of your February 11, 1999 letter outlining the scope and cost of this work. The PMC should pursue completion of this work in an expeditious manner. It is our expectation that field work will commence by February 26, 1999.

If you have any questions, please contact Tom Pauling.

Sincerely,

Stephen H. McCracken
