Dear Mr. Davis:

The United States Environmental Protection Agency (U.S. EPA) is writing in response to your Notice of Intent to prepare an Environmental Impact Statement (EIS) for cleanup actions to be taken at the Feed Materials Production Center, Fernald, Ohio. As part of the National Environmental Policy Act process, U.S. DOE has requested that U.S. EPA provide scoping comments on the proposed EIS.

U.S. EPA will coordinate its concerns regarding scoping activities for the EIS through its review of documents prepared in association with the 1990 Comprehensive Environmental Response, Compensation and Liability Act Consent Agreement between our two agencies. If you have any questions, please contact Peggy Andrews of the Office of Regional Counsel at FTS 886-6827 or commercial 312/886-6827.

Sincerely yours,

Robert Springer, Assistant Regional Administrator
 for Planning and Management
