Dear Mr. Britton:

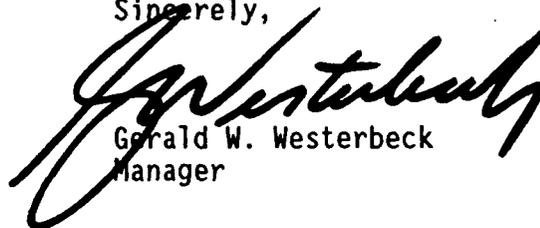

REMOVAL ACTION MEMORANDUM: SOLVENT RECOVERY SYSTEM

The enclosed Removal Site Evaluation for the Solvent Recovery System work at the Building 12 Paint Shop has been reviewed by my office. Based on this review DOE has determined that this project does not constitute a removal action. Please verify that the actions follow the approved FMPC procedures to insure that all potential releases are properly addressed. In addition, the Administrative Record for the RI/FS should include this document.

WMCO is directed to complete the planned work to recover solvents for reuse. This work shall be completed per the schedule given in the funding authorization document and shall include preparation of a project management plan.

If your staff has any questions, please ask them to contact Robert Janke at extension 6883.

Sincerely,

Gerald W. Westerbeck
Manager
