Dear Mr. Britton:

REMOVAL ACTION MEMORANDUM: STEAM AND CONDENSATE LINE REPLACEMENT

The enclosed Removal Site Evaluation for the Steam and Condensate Line Replacement Project has been reviewed by my office. Based on this review, DOE has determined that this project does not constitute a removal action. Therefore, the Steam and Condensate Line Replacement Project can proceed following the guidelines for control as specified in Site Policy and Procedure #FMPC-720 and IH&S-IH-03.

If your staff has any questions, please ask them to contact Carlos J. Fermaintt at extension 6157.

Sincerely,

Ray Hansen
