Dear Ms. McCord and Mr. Mitchell:

**OPERABLE UNIT (OU) 1 TREATABILITY STUDY WORK PLAN**

This letter transmits for your review and approval the subject document, which serves as a modification to the Remedial Investigation/Feasibility Study Work Plan.

The Treatability Study as presented is comprised of preliminary and advanced stages of treatability work both of which are required to be completed in order to support the detailed analysis of alternatives. The work plan also provides for an optional study which would be conducted, if required, based on the success or failure of the tests detailed in the preliminary and advanced studies.

Any comments, which may be generated through your review process, should be provided by August 30, 1991, in order to conform with the draft OU 1 RI/FS schedule.

If you have any questions or comments, please contact Oba Vincent at (513) 738-6937 or FTS 774-6937.

Sincerely,

Jack R. Craig
