Chicago, Illinois 60604

Mr. Graham E. Mitchell, DOE Coordinator
Ohio Environmental Protection Agency
40 South Main Street
Dayton, Ohio 45402

Dear Mr. Saric and Mr. Mitchell:

Operable Unit (OU) 2 Revised Treatability Study Work Plan

Reference: Letter, DOE-1923-91, J. R. Craig, U.S. DOE to C.A. McCord, U.S. EPA; "Operable Unit (OU) 2 Treatability Study Work Plan," dated July 29, 1991

As a result of proposed Consent Agreement negotiations, an accelerated RI/FS schedule was developed for OU 2. This necessitated a re-evaluation of the content and timing of the Treatability Study that had been submitted. After careful review and consideration the Treatability Study Work Plan has been revised in order to conform with the draft OU 2 RI/FS schedule.

The revised Treatability Study as presented is comprised of preliminary and advanced stages of treatability work, both of which are required to be completed in order to support the detailed analysis of alternatives.

Any comments, which may be generated through your review process, should be provided by September 23, 1991.

If you have any questions or comments, please contact Johnny Reising at (513) 738-9083 or FTS 774-9083.

Sincerely,

Jack R. Craig
