SUBJECT: NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) DETERMINATION - LOW-LEVEL WASTE SHIPMENTS TO NEVADA TEST SITE (NTS) - FEED MATERIALS PRODUCTION CENTER (FMPC)

TO: Joe La Grone, Manager

In accordance with the delegation of authority relative to NEPA granted you by the Assistant Secretary for Defense Programs on August 25, 1981, the attached Action Description Memorandum is submitted for your review and decision:

- \* Proposed Increase in the Number of Low-Level Waste Shipments From the Feed Materials Production Center to the Nevada Test Site.

It is our recommendation that you determine the attached ADM provides sufficient information to support a conclusion that this project clearly will not have significant environmental effects and, therefore, does not warrant the preparation of either an Environmental Assessment (EA) or and Environmental Impact Statement (EIS).

If you have any questions or require additional information, please contact Jake Alexander of our Environmental Protection Division at 6-0850.
