Re: WASTE PIT EE/CA

Mr. Bobby Davis  
U.S. DOE - FMPC  
P.O. Box 398705  
Cincinnati, Ohio 45239

Dear Mr. Davis:

On September 18, 1990, Ohio EPA sent comments on the Revised Waste Pit EE/CA to DOE. The purpose of this letter is to conditionally approve the EE/CA. The conditions for approval are:

1. DOE shall respond in writing within 30 days to Ohio EPA's comment letter dated September 18, 1990.
2. Because this removal action still results in increases in uranium discharges from the site, the workplan for this removal action should discuss actions DOE will take to reduce overall uranium discharges, or at least provide no net increase in uranium discharges from the FMPC.

If you have any questions about these conditions please contact me.

Sincerely,

Graham E. Mitchell  
DOE Coordinator
