Dear Ms. McCord and Mr. Mitchell:

**INITIAL SCREENING OF ALTERNATIVES FOR OPERABLE UNIT 1**

Enclosed is the revised Initial Screening of Alternatives document for Operable Unit 1, and the response to U.S. EPA and OEPA comments. This transmittal meets the deliverable date of October 12, 1990, as stated in our letter dated September 19, 1990.

After you have had an opportunity to review this document we would like to set up a meeting to discuss any additional comments you may generate. By initiating this course of action, it is hopeful that dispute resolution procedures can be avoided.

If you have any questions, please contact Oba Vincent, of my staff, at (513) 738-6937.

Sincerely,

Andrew P. Avel
