Dear Mr. Britton:

ACTION MEMORANDUM - REMOVAL OF WASTE INVENTORIES (REMOVAL ACTION NO. 9)

In consideration of the potential release of the materials and in accordance with the provisions of the NCP and the Consent Agreement, WEMCO is directed to initiate a removal action to address the current low level waste and thorium management programs. This removal action shall be titled "Removal of Waste Inventories" and shall be established within the Administrative Record as Removal No. 9.

Consistent with this determination, WEMCO is directed to complete the following:

- 1) Provide, by August 21, 1991, a compilation of existing site documentation supporting the ongoing low level waste and thorium management programs for submittal to U.S. EPA and OEPA.
- 2) Establish an administrative record file for the removal action.
- 3) Complete an addendum to the Community Relations Plan to accommodate this removal consistent with the requirements of the NCP.
- 4) Modify existing internal procedures to ensure that appropriate shipping documentation is entered into the administrative record file.
- 5) Provide, by December 15, 1991, a schedule for providing an update to the deliverable submitted pursuant to 1) above.

If your staff has any questions, please ask them to contact Jack Craig at extension 6159.

Sincerely,

Gerald W. Westerbeck
