Mr. Graham E. Mitchell, DOE Coordinator  
Ohio Environmental Protection Agency  
40 South Main Street  
Dayton, Ohio 45402

Dear Mr. Saric and Mr. Mitchell:

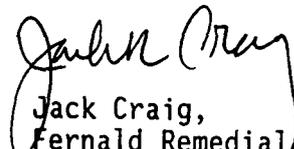

**REMOVAL ACTION NO. 9 - REMOVAL OF WASTE INVENTORIES**

This letter, with enclosure, transmits a compilation of existing Fernald Environmental Management Project (FEMP) site documentation to support the ongoing Low Level Waste Management Program. Documentation to support the ready-to-ship thorium low level waste inventories is also included within this submittal.

Consistent with the agreement made between U.S. DOE and U.S. EPA during Consent Agreement negotiations, the FEMP will continue low level waste management activities at the site, consistent with the existing procedures, while U.S. EPA is reviewing this submittal. The activities will include the continuation of low level waste shipments and re-packaging/over-packaging operations.

If you have any questions, please contact me at FTS 774-6159 or Robert Janke at FTS 774-6883.

Sincerely,

  
Jack Craig,  
Fernald Remedial Action  
Project Manager

Enclosure: As stated
