Reynoldsburg, OH 43068

Dear Sir:

**FEED MATERIALS PRODUCTION CENTER (FMPC) UNDERGROUND STORAGE TANK
PERMIT APPLICATIONS FOR PERMANENT CLOSURE**

Reference: Letter, DOE-1121-89, J. A. Reafsnyder to B. J. Phillips, Chief, Inspection Bureau, Ohio Department of Commerce, Division of State Fire Marshal, "Feed Materials Production Center Underground Storage Tank Permit Application," dated June 6, 1989 #1978

The purpose of this letter is to transmit a permit application for the permanent closure of seven additional petroleum underground storage tanks divided into groups of three closure permits. Also, the previously submitted permit to modify piping on UST #3 will be used to permanently close UST #3 by removal. Of the seven transmitted by this letter, tanks #1, 2, 6, 8, 9 and 10 will be closed by removal, and Tank 14 will be closed by abandonment. Included in this transmittal are the following items:

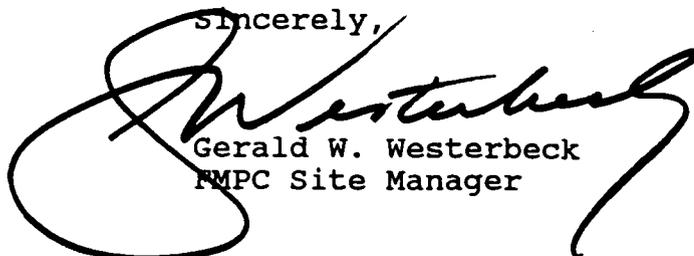

- State of Ohio Underground Tank Permit Application
- Three Fifty Dollar (\$50.00) application fees
- Diagrams of the FMPC production area showing the tank location and description
- Diagrams showing the tank locations in relation to the FMPC lot lines

The referenced letter was a request for a permit to remove ten tanks. Since the time of that request, further consideration has been given to the removal schedule and how it would be affected by the time requirements that are placed on closure activities. We believe the tank removals should proceed under multiple permits to allow sufficient time to properly close each tank; therefore,

please consider the referenced letter null and void as it will be replaced by multiple permit requests representing smaller increments of work.

If you have any questions, please contact David Rast, of my staff, at (513) 738-6322.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "G. Westerbeck". The signature is written over the typed name and title.

Gerald W. Westerbeck
EMPC Site Manager
