RE: Community Relations Plan  
FMPC Fernald  
OH6 890 008 976

Dear Mr. Davis:

On December 18, 1989, the United States Department of Energy (U.S. DOE) submitted a Community Relations Plan (CRP) for the Feed Materials Production Center in Fernald, Ohio. In a February 12, 1990, letter, the United States Environmental Protection Agency (U.S. EPA) identified deficiencies in the plan and on April 2, 1990, U.S. DOE submitted a revised CRP. U.S. EPA reviewed the revised CRP and provided comments on May 3, 1990. U.S. DOE was to have submitted a second revision by June 4, 1990. The revision was submitted late on June 5, 1990. On July 3, 1990, U.S. EPA provided comments on the June 5, 1990, submission. U.S. DOE submitted a revised CRP seven days late on July 10, 1990.

U.S. EPA is approving the CRP with the following modifications:

1. Catherine McCord's telephone number in Appendix B should be (312) 886-4436.
2. U.S. EPA's address should be 230 South Dearborn "Street" on Page 1 of Appendix A.
3. All public meetings must be held at a facility shown in Appendix F, unless otherwise approved by U.S. EPA.
4. Based on the community telephone survey and U.S. EPA's communication with FRESH, the hours for the administrative record at the Jamtek building are acceptable. The hours are incorrectly presented in Appendix A. They should read:

Monday and Thursday 9 am - 8 pm  
Tuesday, Wednesday, and Thursday 9 am - 4:30 pm  
Saturday 9 am - 1 pm

SEP 07 1990

1

5. Provisions have to be made to quarterly, or more frequent, updates to the CRP with respect to Appendix information.

Please contact me at (312 or FTS) 886-4436 or Dan O'Riordan at (312 or FTS) 886-4359 if you have any questions.

Sincerely,

Catherine A. McCord  
Remedial Project Manager
