Dear Mr. Britton:

REMOVAL ACTION MEMORANDUM - SOUTHWEST OFFICE TRAILERS (SUBPROJECT OF ANALYTICAL FACILITY UPGRADE, 00-87502) AND EPA/PARSONS OFFICE TRAILERS, 00-91203 PROJECTS

Reference: Letter, WEMCO:EMT:91-460, W. H. Britton to G. W. Westerbeck, same subject, dated August 14, 1991

The enclosed Removal Site Evaluation (RSE) for the Southwest Office Trailers and the EPA/Parsons Office Trailers projects has been reviewed by my office. Based on this review, DOE has determined that these projects do not constitute a removal action. Therefore, the soils and rubble associated with these projects can be removed and dispositioned following the specific control measures noted within the RSE and per the guidelines specified in the FEMP Site Policy and Procedure, FEMP-720, "Control of Construction Waste."

This document shall be incorporated into the Administrative Record for the RI/FS. A final report shall be issued stating the volume of soil and rubble boxed, the number of boxes used, and the results of the verification sampling.

If your staff has any questions, please ask them to contact R. J. Janke at extension 6883.

Sincerely,

R. E. Tiller
