Dear Mr. Saric and Mr. Mitchell:

**REMOVAL ACTION NO. 9 - REMOVAL OF WASTE INVENTORIES/THORIUM MANAGEMENT PROCEDURES**

This letter, with enclosure, transmits a compilation of existing Fernald Environmental Management Project (FEMP) site documentation to support the overpacking of thorium low level waste. Consistent with the agreement made between U.S. DOE and U.S. EPA during Consent Agreement negotiations, the FEMP will continue thorium low level waste overpacking activities at the site, consistent with the existing procedures, while U.S. EPA is reviewing this submittal.

If you have any questions, please contact me at FTS 774-6159 or Robert Janke at FTS 774-6883.

Sincerely,

  
Jack Craig

Project Manager
