ASI/IT CORPORATION  
11003 Hamilton/Cleves Highway

Dear Mr. Wood:

**SOUTH FIELD WASTE TREATABILITY STUDY**

Reference: Letter, DOE-378-92, J. R. Craig to J. A. Saric (U. S. EPA) and  
Graham E. Mitchell (Ohio EPA), "Operable Unit (OU) 2 Treatability  
Study Preliminary Stage II Screening," dated November 21, 1991

The referenced letter was discussed with Mr. Saric and Jack Craig on December 2  
by telephone. Verbal concurrence was given by the U. S. EPA not to develop  
additional new treatability formulations for Preliminary Stage II testing for the  
subject wastes.

ASI/IT should proceed with MTCLP and Advanced Phase testing on the identified  
four Preliminary Stage I formulations.

If additional information is required, please contact me at 738-6757.

Very truly yours,

R. J. Skalka, Manager  
Operable Unit 2
