Dear Mr. Tiller:

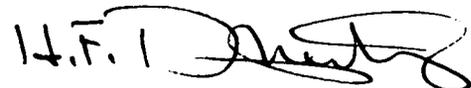

SILO 3 REMOVAL ACTION

Reference: DOE-515-91, R. E. Tiller letter to W. H. Britton, "Silo 3 Removal Action - Memorandum," dated December 13, 1991.

In response to the reference listed above, the Silo 3 Expedited Removal Action was initiated on December 20, 1992. This removal action was initiated to mitigate the potential release of materials to the environmental from Silo 3. Removal of the dust collector from the dome of Silo 3 and sealing of all obvious pathways for release was completed on January 8, 1992, thus completing the removal action.

If there are any questions, our point of contact is D. A. Nixon, at extension 6590.

Very truly yours,

H. F. Daugherty
Executive Vice President
