Dear Mr. Winston:

CHANGES TO THE RESOURCE CONSERVATION AND RECOVERY ACT (RCRA) GROUNDWATER MONITORING PROGRAM AT THE FERNALD ENVIRONMENTAL MANAGEMENT PROJECT (FEMP)

In October 1991, we intended to notify your office of proposed changes in the subject program. The enclosed letter was inadvertently mislaid and recently discovered. This particular letter is referenced in the CY 1991 RCRA Annual Report as part of groundwater activities.

As a follow-up to this letter, the FEMP will commence activities to plug and abandon the referenced wells in April 1992. New stainless steel monitoring wells have been installed just to the east of the old wells to continue RI/FS monitoring of the aquifer in these areas.

If you have any questions, please contact Ed Skintik at (513) 738-6660.

Sincerely,

R. E. Tiller
Manager
