Dear Mr. Boswell:

REMOVAL SITE EVALUATION - K-65 SILOS

Based on review by DOE as the Lead Agency and based on Consent Agreement Negotiations between DOE and U.S. EPA this removal action has been determined to be non-time critical.

Bechtel National Inc. has initiated work on an Engineering Evaluation/Cost Analysis (EE/CA) document for this removal action. The first draft of this document is due to my office on May 18, 1990.

The RSE and subsequent information on this removal action should be made available in the Administrative Record.

If your staff has any questions, please ask them to contact Jack Craig, of my staff, at extension 6159.

Sincerely,

A handwritten signature in cursive script that reads "Ray Hansen".
