Mr. H. F. Daugherty, President
Westinghouse Environmental
Management Company of Ohio
P.O. Box 398704
Cincinnati, Ohio 45239-8704

Dear Mr. Daugherty:

REMOVAL ACTION MEMORANDUM - CONTROL EXPOSED MATERIALS IN PIT 5

In consideration of the potential release of materials to the environment and in accordance with the National Contingency Plan (NCP) and the Amended Consent Agreement, Westinghouse Environmental Management Company of Ohio (WEMCO) is directed to initiate a removal action to address the potential fugitive air emissions from the exposed material in Waste Pit 5. This removal action shall be titled, Control Exposed Material in Pit 5, and shall be established within the Administrative Record as Removal Action Number 18.

Consistent with this determination, WEMCO is directed to complete the following:

- 1) Establish an administrative record file for the removal action.
- 2) Complete an addendum to the Community Relations Plan to accommodate this removal action consistent with the requirements of the NCP.
- 3) Develop and receive approval for National Environmental Policy Act (NEPA) documentation.
- 4) Complete a "material balance" for Pit 5 (including water influent and effluent and air emissions).
- 5) Perform an engineering evaluation of possible removal action control measures and identify the recommended alternatives within a removal action work plan.

Action

- 6) Develop the removal action work plan for submittal to the United States Environmental Protection Agency (U.S. EPA) and Ohio Environmental Protection Agency (Ohio EPA) on or before March 30, 1992. The removal action work plan shall be submitted to the Fernald Field Office by March 27, 1992.
