Dear Mr. Daugherty:

**REMOVAL ACTION MEMORANDUM - RESPIRATOR WASHING FACILITY**

Reference: WEMCO:ER:920-54, J. P. Hopper to R. E. Tiller, same subject, dated January 30, 1992

The enclosed Removal Site Evaluation for the Respirator Washing Facility has been reviewed by my office. Based on this review, the Department of Energy (DOE) has determined that this project does not constitute a removal action. Waste associated with the construction and demolition activities of this project can be removed and dispositioned following the specific controls noted within the RSE document and per the radiological guidelines specified in the FEMP Site Policy and Procedure, FMPC-720. Verify that the actions follow the approved FEMP procedures to insure that all potential releases are properly addressed. In addition, the Administrative Record for the RI/FS should include this document.

If you or your staff have any questions, please contact Robert Janke at extension 6883.

Sincerely,

R. E. Tiller  
Manager
