Dear Mr. Saric and Mr. Mitchell:

**REVISION 1, REMOVAL ACTION NUMBER 16 - COLLECT UNCONTROLLED PRODUCTION AREA  
STORMWATER RUNOFF WORK PLAN**

- Reference:
1. Letter, DOE-1029-92, from J. R. Craig to J. A. Saric and G. E. Mitchell, "Removal Action Number 16 - Collect Uncontrolled Production Area Stormwater Runoff Work Plan," dated March 2, 1992
  2. Letter from J. A. Saric to J. R. Craig, "Disapproval of Removal Action 16 - Collect Uncontrolled Production Area Stormwater Runoff Work Plan," dated April 21, 1992
  3. Letter from G. E. Mitchell to J. R. Craig, "Removal Action # 16," dated April 7, 1992

Enclosed is the revised work plan for the Removal Action Number 16, Collect Uncontrolled Production Area Stormwater Runoff. This document was previously submitted to your offices for review and comment (Reference 1). It has been revised to incorporate the comments received from both the United States Environmental Protection Agency (U.S. EPA) (Reference 2) and the Ohio Environmental Protection Agency (OEPA) (Reference 3). For ease in reviewing, the revisions are shown as shaded areas where text has been added to the document and strike-outs where text has been deleted.

The implementation of this removal action is scheduled to start prior to July 24, 1992, which is six (6) months following the approval of the Action Memorandum. Since the planning period will not exceed the six-month period as specified in the National Contingency Plan, an Engineering Evaluation/Cost Analysis will not be required.

If you or your staff have any questions, please contact me at FTS 513-738-6159, or Carlos J. Fermaintt at FTS 513-738-6157.

Sincerely,

3300

Jack R. Craig
