Mr. James A. Saric, Remedial Project Director
U.S. Environmental Protection Agency
Region V - 5HRE-8J
77 W. Jackson Boulevard
Chicago, Illinois 60604-3590

Dear Mr. Saric:

CORRECTIONS TO THE ADMINISTRATIVE RECORD (AR) FILES

This letter is to inform you of several changes being made in the AR files. In order to ensure that documents are located in the correct AR file, a number of them have been re-indexed into different files. The enclosed list of changes shows the old index number and the new index number, along with the file name. In addition, one duplicate document was located during these changes and the duplicate document has been deleted from the AR file.

These changes have been made to the Fernald Site copy of the Administrative Record files. The AR staff will make the appropriate changes to the United States Environmental Protection Agency (U.S. EPA), Region V copy of the Administrative Record files during the course of the audit scheduled for July 7-9, 1992, in Chicago. This will bring your AR files up to date with the Fernald Site copy. An updated index will also be placed in your AR file at that time.

If you have any questions, please contact Johnny Reising at FTS/Commercial 738-9083.

Sincerely,

Robert Danke
