RE: REMOVAL ACTION #16

Mr. Jack R. Craig
Project Manager
U.S. DOE FEMP
P. O. Box 398705
Cincinnati, Ohio 45239

Dear Mr. Craig:

DOE's responses to Ohio EPA's conditions for approval were satisfactory with the exception of comment #6. Ohio EPA does not believe that uranium levels less than 100 pci/g and thorium levels less than 50 pci/g are appropriate criteria for hazardous waste not being mixed waste. Please review this comment response by comparing current procedures for managing hazardous, radioactive and mixed waste/soils.

If you have any questions please contact Tom Schneider or me.

Sincerely,

Graham E. Mitchell
Graham E. Mitchell
Project Manager
