Dear Mr. Saric and Mr. Mitchell:

ENGINEERING EVALUATION AND COST ANALYSIS FOR THE MANAGEMENT OF CONTAMINATED STRUCTURES, REMOVAL ACTION NUMBER 27

The purpose of this letter is to transmit, for your review and approval, the draft Engineering Evaluation and Cost Analysis (EE/CA) for the Management of Contaminated Structures, Removal Action Number 27. This document outlines the technologies associated with the Decontamination and Decommissioning (D&D) of 25 process facilities at the Fernald Environmental Management Project. This EE/CA will be utilized for conducting removal actions on contaminated structures within OU 3 and will also be the basis for accelerating D&D activities in advance of the Record of Decision for Operable Unit 3.

If you or your staff have any questions, please contact Robert Janke at 513-738-6883.

Sincerely,

Jack R. Craig
Fernald Remedial Action
Project Manager
