RE: OU #2 Treatability Study  
Report Response to Comments

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the Operable Unit #2 Treatability Study Report Response to Comments (RTC). The RTC adequately addressed U.S. EPA's previous comments.

U.S. EPA hereby approves the RTC. As was previously agreed, change pages will be generated reflecting the approved RTC and submitted to U.S. EPA as an addendum and attachment to the treatability study report.

Please contact me at (312/FTS) 886-0992 if you have any questions.

Sincerely,

James A. Saric  
Remedial Project Manager
