Dear Mr. Saric and Mr. Mitchell:

ANNUAL REPORT FOR IMPROVED STORAGE OF SOIL AND DEBRIS, REMOVAL ACTION NUMBER
17

The purpose of this letter is to transmit for your review the Annual Report for the Improved Storage of Soil and Debris Removal Action. This report provides the status of soil and debris generated at the Fernald Environmental Management Project for fiscal year (FY) 1992. An inventory is presented for an estimated 22,000 cubic yards of soil and debris generated during FY 1992, Enclosure A. The disposition of these materials is provided along with information supporting their classification. Additionally, estimated volumes and generation dates for activities planned for FY 1993 and out years are presented, Enclosure B. The status of planned activities will be updated through future submittals of this Annual Report.

If you or your staff have any questions, please contact Robert Janke at FTS/Commercial 513-738-6883.

Sincerely,

for *Robert Janke*
