U. S. Department of Energy  
Fernald Environmental Management Project  
Letter No. C:OP:92-027

Mr. James J. Fiore, Acting Manager  
DOE Field Office, Fernald  
P. O. Box 398705  
Cincinnati, Ohio 45239-8705

Dear Mr. Fiore:

**CONTRACT DE-AC05-920R21972, APPROVAL OF NOTICE OF AVAILABILITY (NOA) OF THE EE/CA FOR THE MANAGEMENT OF CONTAMINATED STRUCTURES REMOVAL ACTION**

The purpose of this letter is to transmit the Notice of Availability (NOA) for the Engineering Evaluation/Cost Analysis (EE/CA) and the opening of the Administrative Record file for the Management of Contaminated Structures Removal Action.

Please note that the NOA proposes a 45-day public comment period for the EE/CA with a public workshop to be held on January 12, 1993 at 7:00 pm in the ERA conference room. The duration of the public comment period is consistent with previous EE/CAs issued by the site. FERMCO recommends that the DOE discuss this comment period with the EPA to ensure that the EPA comment period coincides properly.

Review and approval of the enclosed NOA is requested by December 14, 1992.

If there are questions, our point of contact is D. J. Carr at extension 6222.

Very truly yours,

N. C. Kaufman  
President
