Dear Mr. Saric and Mr. Mitchell:

**OPERABLE UNIT 4 DRAFT REMEDIAL INVESTIGATION REPORT**

This letter transmits the Fernald Environmental Management Project Operable Unit (OU) 4 Remedial Investigation (RI) Report for your review and approval. As outlined in the Amended Consent Agreement, this draft primary document is subject to a sixty (60) day review and comment period. As a result of recent Department of Energy, United States Environmental Protection Agency (U.S. EPA), and Ohio EPA correspondence and discussions concerning background for soils, additional Contaminants of Concern have been identified for OU 4. These constituents were taken into consideration in the development of this Report to the maximum extent possible. As discussed with U.S. EPA and Ohio EPA on April 13, 1993, the OU 4 RI Report will be revised, as necessary, after full evaluation of the background soil results and the impact to evaluation of alternatives in the Feasibility Study.

If you or your staff have any questions or comments, please contact Randi Allen at 513-648-3102.

Sincerely,

  
 Jack R. Craig  
 Fernald Remedial Action  
 Project Manager
