Mr. Graham E. Mitchell, Project Manager
Ohio Environmental Protection Agency
40 South Main Street
Dayton, Ohio 45402-2086

Dear Mr. Saric and Mr. Mitchell:

REGULATORY COMPLIANCE PLAN FOR THE OU5/ID SOIL WASHING TREATABILITY STUDY

This transmittal provides the Regulatory Compliance Plan for the Operable Unit (OU) 5/ID Soil Washing Treatability Study. The Regulatory Compliance Plan satisfies the requirements of Section XIII of the Amended Consent Agreement by providing information pertaining to permits that would be required in the absence of the permit exemption provided by Section 121 of Comprehensive Environmental Response Compensation and Liability Act (CERCLA).

The Regulatory Compliance Plan includes:

1. Identification of permits that would otherwise be required;
2. Identification of standards, requirements, criteria, or limitations that would have to have been met to obtain such permits; and
3. Explanation of how the response action will meet the standards, requirements, criteria, or limitations identified in item 2 above.

If you or your staff have any questions, please contact Kathleen Nickel at 513-648-3166.

Sincerely,

Jack R. Craig
Fernald Remedial Action
Project Manager
