Dear Mr. Kaufman and Mr. Rowland:

This letter is written in response to your letter to me dated May 13, 1993. Upon reviewing the referenced letter and its attachments, and based on the information provided at this time, the Ohio EPA concurs with your conclusion that the clearwell, lime sludge ponds, and coal pile runoff basin are not hazardous waste management units.

If you have any questions or comments, do not hesitate to call me at (513) 285-6357.

Sincerely,

Paul D. Pardi  
Group Leader  
Division of Hazardous Waste Management
