RE: Revised OU #3 RI/FS Work Plan
Responses to Comments

Dear Mr. Craig:

On April 15, 1993, the United States Environmental Protection Agency (U.S. EPA) approved the Responses to Comments (RTC) for the Operable Unit (OU) 3 Remedial Investigation and Feasibility Study Work Plan Addendum, The United States Department of Energy (U.S. DOE) was required to incorporate the RTC into the Work Plan and submit a final document to U.S. EPA.

On May 14, 1993, the United States Department of Energy (U.S. DOE) submitted a revised Work Plan which failed to incorporate all of U.S. EPA's previously approved RTC. On June 10, 1993, U.S. EPA required U.S. DOE to submit changed pages, incorporating U.S. EPA's comments of April 15, 1993.

On July 10, 1993, U.S. DOE submitted the revised RTC with changed pages to be inserted into the final Work Plan.

The revised RTC and changed pages have adequately addressed U.S. EPA's comments, hereby finalizing the OU 3 Work Plan.

Please contact me at (312) 886-0992 if you have any questions.

Sincerely,
