Mr. Graham E. Mitchell, Project Manager
Ohio Environmental Protection Agency
40 South Main Street
Dayton, Ohio 45402-2086

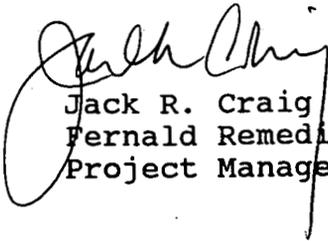

Dear Mr. Saric and Mr. Mitchell:

**PROPOSED PLAN FOR THE INTERIM RECORD OF DECISION FOR OPERABLE
UNIT 3**

The purpose of this letter is to transmit, for your review and approval, the draft Proposed Plan (PP) for the Interim Record of Decision (IROD) for Operable Unit 3 (OU3). The action proposed in the enclosed PP is 1) decontaminate some 200 structures and other improvements in OU3 by removing gross contamination, 2) remove stored materials and debris from the structures, 3) dismantle the structures and other improvements, including underground utilities, and 4) store the majority of the resulting waste and debris generated prior to the final Record of Decision (ROD) for OU3 in improved storage structures. In addition, as outlined in the PP, a limited quantity of the materials generated may potentially be shipped off-site for disposal and/or recycle and reuse in order to help facilitate the proposed action in the period of time prior to the final ROD for OU 3.

If you or your staff have any questions, please contact Robert Janke at (513) 648-3124.

FN:RJJanke

Jack R. Craig
Fernald Remedial
Project Manager
