Mr. N. C. Kaufman, President
Fernald Environmental Restoration
Management Corporation
P.O. Box 398704
Cincinnati, Ohio 45239-8704

Dear Mr. Kaufman:

REMOVAL ACTION MEMORANDUM - UNDERGROUND STORAGE TANK #5

Reference: Letter from J. E. King to Robert J. Janke, dated August 4, 1993

The enclosed Removal Site Evaluation (RSE) for the Underground Storage Tank #5 has been reviewed by my office. Based on this review, the Department of Energy (DOE) has determined that the existing controls for the planned action are adequate and this project does not constitute a removal action.

Construction rubble and debris associated with this work can be removed and dispositioned following the control measures noted within the RSE document and per the guidelines specified in the Fernald Environmental Management Project (FEMP) Site Policy and Procedures and Removal Action Number 17.

At the completion of this project, Fernald Environmental Restoration Management Corporation (FERMCO) should submit a final report describing the changed site conditions, detailing the volume of waste generated, the number and type of containers used, the locations of dispositioned material (including containers), and the results of any verification sampling. Furthermore, this final report should be submitted to the Administrative Record for the Remedial Investigation/Feasibility Study.

If you or your staff have any questions, please contact Anand Shah at (513) 648-3146.

Sincerely,

Raymond J. Hansen
Acting Manager
